

MKX Metal Keyboard/Mouse Combo

Instruction Manual

iiglo®

Package contents

- Wireless keyboard and mouse combo
- USB receiver
- 1xUSB charging cable
- Instruction manual

Overview

2.4G Wireless Connection

- 1 Turn on the power switch

- 2 Switch on the mouse.

- 3 Insert the USB receiver into the USB port of the PC

How To Charge The Mouse

- 1 When battery power is low, please charge the mouse with the included USB charging cable (by inserting the USB charging cable into USB port of the computer).

- 2 While charging, power light turns red. It needs 4-6 hours to be fully charged. The red indicator light will turn off after fully charged. Also, when the battery power is too low (around 3.2V), the red light will flash to remind charging the mouse.

How To Charge The Keyboard

- 1 When keyboard is under low battery power, Green low power indicator will keep flashing. Please charge the keyboard with included USB charging cable(by inserting the USB charging cable into computer USB port). Power charging indicator turns Red when charging then turns off after 4-6 hours fully charge.

Mouse Specifications

System support	XP Win7/8/10
Wireless data transfer	2Mbps
Frequency	2403.85MHz-2479.85MHz
Channel	16
Engine	Optic
Mouse resolution	800-1200-1600-2000-2400 DPI
Mouse return rate	250Hz
Distance	20m
Working voltage	300mAh/3.7V
Standby current	0.3mA
Sleeping current	30uA
Mouse button life	Over 3 million
Mouse Size	109.71x68.14x43.08mm

Keyboard Specifications

System support	XP Win7/8/10
Wireless data transfer	2Mbps
Frequency	2403.85MHz-2479.85MHz
Channel	16
Distance	20m
Working voltage	300mAh/3.7V
Working current	3.5mA
Sleeping current	20uA
Keyboard keystroke life	Over 3 million
keyboard size	436.9x125x21.8mm
